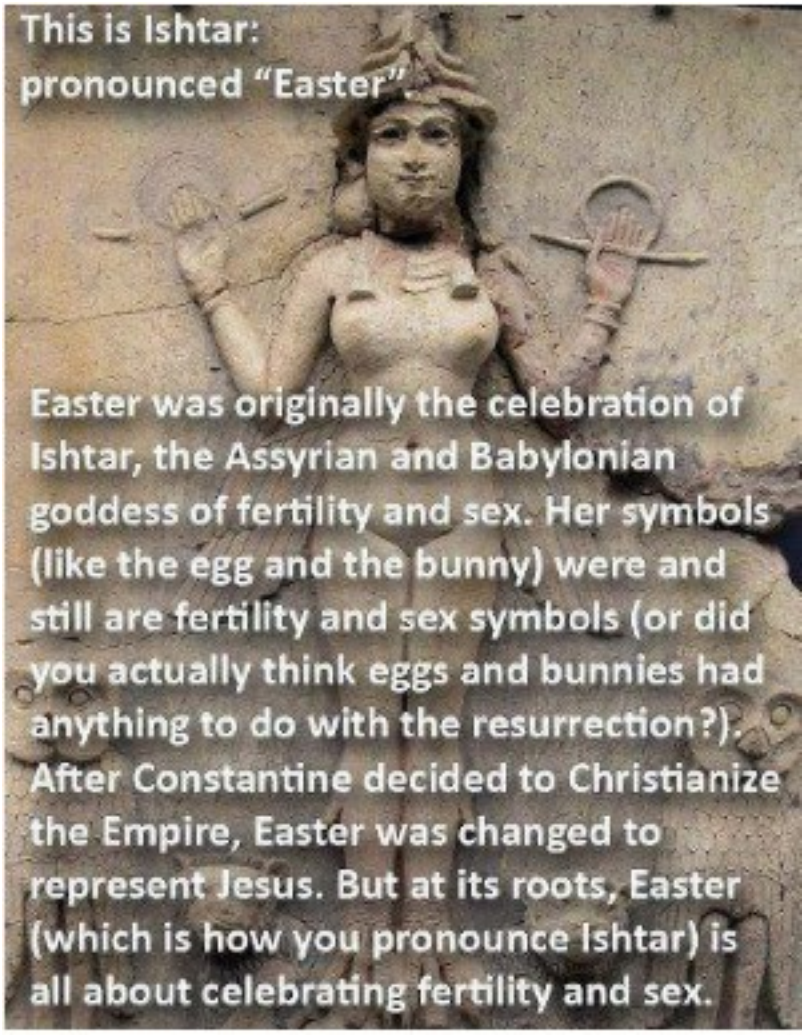
EASTER IS A PAGAN HOLIDAY THAT REPRESENTS THE WORSHIP OF THE FALLEN ELOHIM ALIEN ASHTAR ISHTAR AND OTHER FALLEN ELOHIM WATCHER GODS



This is Ishtar:
pronounced "Easter".
Easter was originally the celebration of Ishtar, the Assyrian and Babylonian goddess of fertility and sex. Her symbols (like the egg and the bunny) were and still are fertility and sex symbols (or did you actually think eggs and bunnies had anything to do with the resurrection?). After Constantine decided to Christianize the Empire, Easter was changed to represent Jesus. But at its roots, Easter (which is how you pronounce Ishtar) is all about celebrating fertility and sex.

People have to understand that we have been lied to by the Jewish and Roman Orthodox Catholic and Christian Churches JROCCC who destroyed the ORIGINAL CHRISTIAN MOVEMENT as they installed the pagan version of the Christian movement instead.

This image shows a depiction of Ashtar, a figure often referred to as a Pleiadian commander of the Silver Fleet within the Galactic Federation of Light. Some refer to him as Satan the leader of the Fallen Elohim Watchers found in the Old Testament. This representation of Satan El Elon is commonly associated with themes of space exploration and spiritual messages in various online communities. Ishtar was a Mesopotamian alien goddess depicted in this statue. The tail represents satanic beings that come up from

under the sea, lakes and rivers to travel in and out of their underground bases.

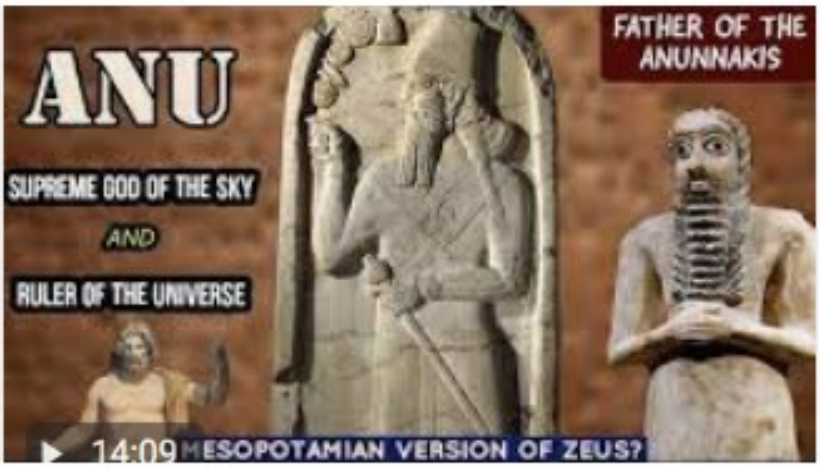
Notice how they symbolize here clawed reptilian or bird like feet.

Ashtar (sometimes called Ashtar Sheran) is the name given to an extraterrestrial being or group of beings, which a number of people claim to have channeled. I believe they are mind gaming modern day prophets like Julie Green who thinks she is talking to god. She refers to one of them as El Elyon as she promotes what that entity is telling here in her head.

“El” is a shortened form of Elohim and speaks of God's strength. Elyon is like the superlative of “El” and could be translated “strongest.” El Elyon, therefore, is the strongest strong One, or “the most high God.” The Bible interprets this to mean that El Elyon is the “possessor of heaven and earth” (Gen. 14:19).

Notice their current bloodline Kings Queen and PRIESTS wear the same fish god logos today.

The New Testament symbolically refers to these aliens as the FISH GODS that traveled to the surface of the earth from their under water, underground bases, and into doors and windows on earth and in the sky that open to other dimensions and DARK MATTER.



The Mesopotamian stories referred to 12 alien Anunnaki aliens who ruled the surface of the planet (Middle and Far East) who lived in underground alien bases. They "flit and flew in their Chariots of Fire and Whirling Wheels" in the air and were seen by nearly everyone back then. They had MANY names associated with them depending upon the tribe that was describing them. The Old Testament refers to them as the messengers of the gods while the Bible refers to SOME OF them as the FALLEN WATCHETRS.

Most major Christian holidays have cultural traditions rooted in older pre-Christian pagan faiths. This is not controversial to anyone who has studied religious history. When the JROCCC was being formed, they added the worship of pagan belief systems into their ideologies in order to appeal to the masses around them and draw them in. They added the Jewish and Hebrew Old Testament data to appease the Jews. Pagan priests became JROCCC priests with pagan symbolisms worn by them and carried by them. When the real Jesus came on the scene he said that he was teaching the NEW WINE and warned them not to put his NEW WINE in their OLD WINE SKINS, which is exactly what the JROCCC DID. Jesus and the Apostle Paul referred to them as the Evil Powers and Principalities of the air, the real rulers of the world we live in.

Key Aspects of the Ashtar Figure

- **New Age Perspective:** Ashtar is considered an Ascended Master or extraterrestrial leader assisting humanity's spiritual evolution.
- **Origin:** The concept began with George Van Tassel in the 1950s, who presented Ashtar as a technologically advanced being from a "space fleet" rather than a spiritual entity.
- **"Fallen" Theories:** Some interpretations, often stemming from religious counter-movements, speculate that Channeling entities like Ashtar are deceptive "fallen" beings or demons rather than benevolent aliens.
- **Ishtar Contrast:** Separate from Ashtar Sheran, the figure of "Ishtar" (or Astarte) appears in mythological contexts as a deity, sometimes depicted in fiction as a fallen angel or a demon. the Manitoban +6

Organizations and Beliefs

- **Ashtar Command:** A popular New Age concept representing a "galactic command" protecting Earth from negative forces.
- **Universe People:** A Czech group led by Ivo Benda, who claimed to receive messages from Ashtar and believed his forces would evacuate followers on spaceship fleets.

Note: The concept of Ashtar is considered a subject of conspiracy theories and UFO religions. Wikipedia +1

This is a hard pill to swallow for those of us who grew up claiming to be Christians who falsely believed the BIBLE WAS THE INSPIRED WORD OF GOD. However real history, archeology, science, geology has a way of WAKING US UP to the misinformation, disinformation and lies we were taught by the Jewish and Roman Orthodox Catholic and Christian (JROCCC). Not only that but real history is so much more fascinating.

WARNING!!!!!!

As the JROCCC is being exposed today as corrupt the new trend is to believe that aliens are our creators and the real gods of the world who are here to protect and enlighten us.
